THE COMMONWEALTH OF KENTUCKY	)	

O R D E R

On November 20, 1995, Northwest Communications, Inc. ("Northwest") filed an application with the Commission seeking a Certificate of Public Convenience and Necessity to resell intrastate interexchange long-distance telecommunications services within the Commonwealth of Kentucky. On January 29, 1996, Northwest filed its response to the Commission's January 11, 1996 Order requesting additional information.

Northwest is a Nevada corporation with its principal office in the state of Oregon and intends to resell tariffed services of facilities-based carriers certified by this Commission.

Northwest does not own or operate, nor does it intend to construct, any telecommunications transmission facilities within the Commonwealth of Kentucky. All intrastate telecommunications transmission services will be provided by an underlying carrier certified by this Commission.

The application provided by Northwest demonstrates its financial, managerial, and technical capability to provide utility service. The Commission finds that Northwest should be authorized

to resell intrastate interexchange long-distance telecommunications services within the Commonwealth of Kentucky.

Northwest filed its proposed tariff on November 20, 1995. The Commission finds that the rates proposed by Northwest should be approved as the fair, just, and reasonable rates to be charged.

In Administrative Case No. 306,<sup>1</sup> the Commission stated the importance of eliminating possible customer confusion arising from the name of the billing service, rather than the name of the provider of telecommunications services, appearing on the bill. Accordingly, Northwest should ensure that its name appears prominently on all bills issued to customers for services rendered.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, HEREBY ORDERS that:

1. Northwest be and it hereby is granted authority to resell intrastate interexchange long-distance telecommunications services within the Commonwealth of Kentucky on and after the date of this Order.

2. Northwest shall ensure that its name appears prominently on all bills issued to customers for services rendered.

3. Northwest's authority to provide service is strictly limited to those services described in this Order and Northwest's application.

<sup>1</sup> Administrative Case No. 306, Detariffing Billing and Collection Services, Order Dated April 30, 1990.

4. IntraLATA services shall be provided in accordance with the restrictions and conditions of service contained in Administrative Case No. 323.<sup>2</sup>

5. The rates proposed by Northwest on November 20, 1995 are hereby approved.

6. Within 30 days from the date of this Order, Northwest shall file, pursuant to 807 KAR 5:011, its November 20, 1995 tariff sheets without modifications.

Done at Frankfort, Kentucky, this 5th day of March, 1996.
